

REMARKS

Claims 1-14 are pending in the application. Claims 1-14 were objected to because of formalities as described on pages 2-4 of the Office Action.

Item 12 of the Office Action Summary indicates that the certified copy of the priority document has not been received. Attached hereto is a copy of the front page of the certified copy of Japanese Patent Application Number 2001-025419, in addition to the date stamped postcard indicating that the USPTO received the certified copy of the Japanese patent application. Accordingly, Applicants request that the Examiner acknowledge that a certified copy of the priority document has been received.

The application was indicated as being in condition for allowance. Therefore, it is respectfully submitted that the application is now in condition for allowance.

Having fully and completely responded to the Office Action, Applicants submit that all of the claims are now in condition for allowance, an indication of which is respectfully solicited.

If there are any outstanding issues that might be resolved by an interview or an Examiner's amendment, the Examiner is requested to call Applicants' attorney at the telephone number shown below.

Respectfully submitted,

Masato HORAGUCHI et al.
